

Create a Twitter Account:

- Go to www.twitter.com
- Click the green button that says “Sign up now”
- Follow the directions to create your account

Sign in to Twitter:

- Go to www.twitter.com
- Click the “Sign in” button in the top, right corner
- Enter username and password and click “Sign in”

Create your profile:

- Click on “Settings” in the top, right corner of the home page
- Under “<insert username here>’s settings, the options are:
 - Account – manage your account, change your email address, add your website, create your “one line bio”
 - Password – create a new password
 - Mobile – enter your mobile number (note: some carriers do not support mobile notifications) to receive SMS twitter notifications to your mobile phone
 - Notices – decide when you want to receive email or text notices from twitter
 - Picture – choose a picture for your profile
 - Design – create the way your twitter profile page will look
- **IMPORTANT:** make sure that you click “save” at the bottom of the page before you navigate to another “settings” section

Find people to follow:

- Click on “Find People” in the top, right corner of the home page
- Click “Find on Twitter” to find a specific person (can search by username, first or last name, business or brand)
- Click on “Find on other networks” to find people with twitter profiles that you are in contact with on Gmail, Yahoo, or AOL
- Click on “Suggested Users” to find people with a lot of followers on twitter
